

Juniors/Cadets – Week 2, Term 3

100 Club – Saturday 28th July

Thanks to the **Smart family** for running the 100 Club this weekend. This wonderful family are following up again tomorrow. Thanks to families like this who have committed to extra days in the second half of the year.

Juniors on the Move – Catalina Open – Sunday August 5th

Good luck to all the Catalina Juniors and Cadets playing in this wonderful event on Sunday. We have a total of over 50 entries in the 4 events – Under 24's, Under 18's Stroke, Under 18's Stableford and Juniors on the Move, 9 hole event. 15 of these are Catalina members, which is fantastic.

Wednesday Cadets – Wednesday 1st August

18 Cadets attended this week. A little disappointing that 5 Cadets did not inform us that they would be absent. Please remember to contact the Pro Shop if your child can not attend.

Our newest Cadet, **Thor**, joined **Sophie B**, **Bronte** and **Brianna** on the range. **Thor** is proving to be a very fast learner and shows great enthusiasm and **Bronte** and **Brianna** were hitting very consistently this week.

Archie, **Nicholas** and **James C** did some putting before heading out to play 4 holes. All three boys hit some good drives and fairway shots.

Cadet Master Phill took **Keith**, **Xavier** and **Cooper** to play the 7th, 8th and 9th holes. They worked on hitting their irons more cleanly. **Cooper** finished the winner in their competition after a 'putt off' on the putting green.

Kathy took **Kasper** and **Haisu** out for their first time playing holes. She was most impressed with their ability to hit the ball with both boys showing a lot of potential.

Cadet Master Graeme took **Jacob, Lachlan** and **Max** out to play 6 holes. Max scored a 5 on the 1st and could easily have scored a par. The lads all hit the ball pretty well and despite some wayward and low hitting all showed determination. All 3 finished in the hazard on the 7th and they spent 10 minutes replenishing their golf ball stocks with **Lachlan's** ball retriever.

Lachlan is off to Coffs Harbour soon for representative Rugby Union and we wish him the best of luck.

Our other advanced group of **Bill, Sophie E** and **Dylan** played 6 holes. They showed great comradship out on the course and found putting on the fast greens quite challenging.

Thursday Cadets - Thursday 2nd August

Bruce worked with **Julian** and **Akira** this week. They were able to work on the range, do some chipping and finish with some putting.

Junior Clinic - Friday 3rd August

Sean, Ryan and **James** worked with Mal on shots under 100m. This is the distance Professional golfers spend 60% of their time working on. **Sean** tried out a new putter.
