

Juniors/Cadets – Week 2, Term 4

100 Club – Saturday 20th October

Thanks to the **Hyam** family for running the 100 Club this week. Please check the roster and see if you can do one more session before the end of year. We have only a few timeslots to fill.

Catalina Classic – Friday 2nd November to Sunday 4th November

The Junior Committee is running a barbeque each day (6 am – 12 noon) during this popular event to raise money for the Junior Program. If any parents or family members have a couple of free hours they can spare to help Cadet Master Bart, please let us know.

Wednesday Cadets – Wednesday 24th October

We had 24 Cadets this week on a beautiful afternoon. We welcomed a new Cadet, **Luka** and hope that he enjoyed the afternoon.

Luka was joined on the range by **Dylan** and **Akira** and the advanced group of **Lachlan**, **Matt**, **Max**, and **Jacob**.

I took **Bill** and **Sophie** to play a few holes of matchplay, which they really excelled at.

Haisu, **Kasper** and **Cooper** went out with CM Keith today to play a range of holes starting on Hole 8. His report follows:- “All boys worked hard and there was good ‘chemistry’ in the team. After a slow start by all three, the afternoon developed into a day we called ‘Mastering the Head’. We had some good and timely advise, as well as practical hands-on help from Marg. The day soared up and up from there. Some of the highlights were as follows. **Kasper** hit a beautiful pitch into the 8th green and stopped the ball not too far from the pin. **Haisu’s** approach into the first green (it was our third hole) was beautiful. **Haisu** gave a number of trees a hard time (as did **Cooper**) but for **Haisu** the trees were generally kind and popped his ball back on the fairway. Trees are not always that friendly!! **Cooper’s** drive on Hole 2 (our fourth hole) was ‘picture perfect’. **Cooper** learnt to punch low shots out from trees very successfully using his hybrid. **Cooper** said ‘I did not know you could do that!’. Well done boys, and I enjoyed the day. **Cooper** won the award because of his ‘focus’.”

Mel's report – "Today I had the pleasure of walking around with **Kruz, Lily** and **Brianna** who are all beautiful and well, behaved girls.

We practiced putting, hitting into the nets and played 2 holes playing ambrose. We had a putting competition and **Kruz** won that, a hitting into the nets competition and both **Brianna** and **Lily** tied in that as they did also in the ambrose competition.

The prize today goes to **Lily** for her encouragement of the other two girls, even if it looked as though her shot was further or better than the other two when playing ambrose, **Lily** said the better shot is probably **Brianna's** or **Kruz's** and praised them when it was.

Graeme took out the always enthusiastic boys - **James, Nicholas** and **Lucas**. **Lucas** continues to improve and is handling playing holes really well for a beginner.

Johnathan, Keith and **Xavier** played a few holes and Phill was impressed with **Johnathan's** dedication this week.

Helen took out **Neve, Bronte** and **Sophie B**. They had a busy afternoon playing ambrose, an ambrose with points and an individual hole. These girls had excellent teamwork and even learnt a bit of strategy.

Thursday Cadets - Thursday 25th October

We had 3 cadets this week - **Archie**, our newest cadet, who is so enthusiastic about his golf and willing to learn, spent time with cadet master Don on the basics.

Felix and **Julian** started on the putting green before playing 5 holes with cadet master Bart. **Felix** gave himself a hard time till we discussed letting the last shot go and concentrating on the next shot. Then he played much closer to his real ability.

Julian had 2 pars off the stick - the 1st and the 7th - great golf. Both players showed good etiquette and enjoyed the afternoon.

Junior Clinic – Friday 26th October

There was no Junior Clinic held this week.

See you next week.
