

Juniors/Cadets 2019 – Week 6, Term 2

100 Club – Saturday 1st June

Thanks to **Jake** and his family for doing the 100 Club, despite family sickness. It is much appreciated.

Family Fun Day – Sunday 2nd June

While we only had a few families, those that attended had a wonderful afternoon. **Archie** and his Mum **Lisa** played with Cadet Master **Helen**. **Lisa** did amazingly well for her first game ever and Archie played some great shots.

Bill and his Dad **Craig** played with Cadet Master **Bart** and his wife **Pam**. **Bill** played match play against **Bart** to practice for the upcoming Junior Pennant weekend. **Bill** played really well and won his match 3 and 2.

Wednesday Cadets – Wednesday 5th June

Mal worked with our newest golfers at the range this week before moving to the putting green. **Robert, Jake, Zane** and **Ethan** are very enthusiastic but must ensure they concentrate so that they can learn the skills that will help them improve out on the course. **Sophie** hit some balls on the range and assisted Mal with the boys.

This week **Lucas, Nicholas** and **Xavier** went out to play holes with Cadet Master Keith. The boys were playing for their handicap on reduced length holes, where they played Holes 7, 8 and 9. All three boys engaged with the challenge, working hard on hitting, chipping and putting, and their faces `said' they did enjoy the day. **Lucas** came in with 17 shots for three holes, with **Nicholas** and **Xavier** both scoring 21. Lucas won the prize for the day and also lost one shot off his handicap. All three boys ended up with tree trouble on the 9th hole. **Lucas** hit out strongly and kept the ball down. **Nicholas** put his ball through a fork in a tree and proved the theory that trees are 90% air. **Xavier** was jammed against a tree trunk but extradited the ball very well. Well done boys.

Sandra had **Lily, Brianna** and **Jack** and all struggled a little to start with but with some work on alignment they hit some fantastic shots. The award went to **Brianna** who was most improved over the three holes that they played, but all three Cadets lost shots off their handicaps. Congratulations.

Beth took out **Jonathan, Julian** and **Max**. These boys managed 4 holes as they got caught up with other groups on the course. This took them over to the 4th hole for a change – one they did not like very much!! **Julian** had some great holes and lost a couple of shots off his handicap.

Bill, Jacob and **Thor** played 6 holes with Bart. All boys played some good golf and both **Jacob** and **Thor** lost shots of their handicaps this week.

Bronte, Neve and **Keith** played 5 holes with Helen. **Keith** played really well for his first week back after breaking his arm. It is great to have you back **Keith**. **Bronte** is playing some good golf and lost a shot off her handicap.

It was a great afternoon and I really enjoyed seeing all the Cadets out on the course playing so many good shots and seeing the improvement in everyone. Keep up the enthusiasm!

Friday Junior Clinic – Friday 7th June

James, Sophie, and **Bill** did some putting practice with Mal.

These three Juniors will be joined by **Sean** to represent Catalina in the Junior Pennant competition next weekend at Moruya. Catalina was successful in winning this competition last year and we wish them all the best of luck.

Mal will be away next week as he is playing in a tournament in Fiji. We wish him all the best for his trip.

Good golfing,

Marg.
